INSTRUCTIONS FOR SUBMITTING A MANUAL CLAIM

Members who have a prescription filled at an affiliated GuidantRx pharmacy prior to receiving their GuidantRx ID card and who have paid for the prescription are encouraged to take their ID card to that pharmacy and ask the pharmacy to submit the claim to GuidantRx. If the pharmacy is able to process the prescription electronically, they may be able to provide a refund, less the applicable copayment, for the amount previously paid. Pharmacies have different computer and financial systems and cannot always accommodate such requests.

Members who have a prescription filled at a non-participating pharmacy or who must pay for their prescription at a GuidantRx affiliated pharmacy may submit such claims to GuidantRx for reimbursement. Payment of such claims and the level of reimbursement are dependent on the specific pharmacy benefit provided to the member by their employer. Certain plans do not provide for any reimbursement for prescriptions not filled at an affiliated pharmacy and others significantly limit the levels of reimbursement. All plans limit such reimbursement to emergency or unusual situations. Members who choose to utilize a non-participating pharmacy on a routine basis will not receive reimbursement.

Members who need to submit a claim to GuidantRx for reimbursement must obtain a Direct Member Reimbursement (DMR) Form. Other forms cannot be processed. These forms are available at your Human Resources Department or on the website <http://www.GuidantRx.com/>.

To avoid claims processing delays, members should validate that they have followed all instructions and that all information requested on the form is complete and legible. GuidantRx will return all claims that are incomplete or illegible.

1. A separate claim form must be completed for:
 - Each patient
 - Each pharmacy from which prescriptions were received
2. The following information must be included:

<ul style="list-style-type: none">• Pharmacy name• Prescription number• Date of purchase• Drug NDC (National Drug Code)• Drug name	<ul style="list-style-type: none">• Drug strength• Quantity (units, ml, grams)• Drug charge• Pharmacy leaflet receipt/printout*
---	--

* Do not submit canceled checks, cash register receipts or personal itemization. These are not acceptable as substitutes for original receipts. (Photo copies of pharmacy leaflet receipts/printouts are acceptable.) Do not submit statements with "balance" amounts only.

Complete all cardholder and patient information:

- Cardholder name
- Patient name, date of birth, gender and relationship to cardholder
- Cardholder ID (The cardholder ID number can be found on your GuidantRx ID card)
- Daytime phone number

Please make a copy of all documents before sending them to GuidantRx. Documents cannot be returned.
